

# AVETRA

Australian Vocational Education and Training Research Association

**Research Forum - *Initial announcement-Save the date!***

---

## **New VET Research Perspectives**

*Issues, practices, insights*

**Friday 26<sup>th</sup> October 2018, Canberra Institute of Technology, Canberra, ACT**

### **About the forum**

This day-long forum continues the AVETRA tradition of research presentation, critique and engagement within the vocational education and training (VET) sector. It is designed for VET researchers to present their research, to learn from each other and to engage in dialogue with other stakeholders in the nation's VET system. It will be of interest to researchers, practitioners and policy makers. With the context of continuing changes in the VET system, the growing needs for advice to those in the public and private sector, and the need to build further and sustain the VET research community, the forum comes at an opportune time.

The structure of the forum will be a series of presentations with opportunities for discussions concluding with a plenary session at the end of the day.

Cost: \$110 presenters; \$220 non-presenters; \$160 AVETRA members who are not presenters

### **Important dates**

June 30<sup>th</sup>- Call for papers; July 26<sup>th</sup> – Deadline for submission of abstracts;

August 10<sup>th</sup> - decisions about acceptance of abstracts; September 28<sup>th</sup> – deadline for registration

Further details including an email address for enquiries and registration details will be provided shortly via AVETRA. See the AVETRA web site for updates - [www.aveutra.org.au](http://www.aveutra.org.au)
